

Accessing Free eLearning for CANARIE Higher Education Members

This document details how to access the free Splunk eLearning given to you as part of being an CANARIE member as well as the terms associated with the subscription. Eligible CANARIE Universities will have access to free Splunk eLearning which meets the requirements for **Splunk Certified Power User**. The courses included are:

- [Using Splunk \(eLearning\)](#)
- [Searching and Reporting with Splunk \(eLearning\)](#)
- [Creating Splunk Knowledge Objects \(eLearning\)](#)
- [Splunk Infrastructure Overview \(eLearning\)](#)

A full description of the learning path and the content of the classes can be found here:

<http://www.splunk.com/view/SP-CAAJEN>. Please direct questions to education_amer@splunk.com. Once you have completed the courses, please email certification@splunk.com to request access to the Power User certification test.

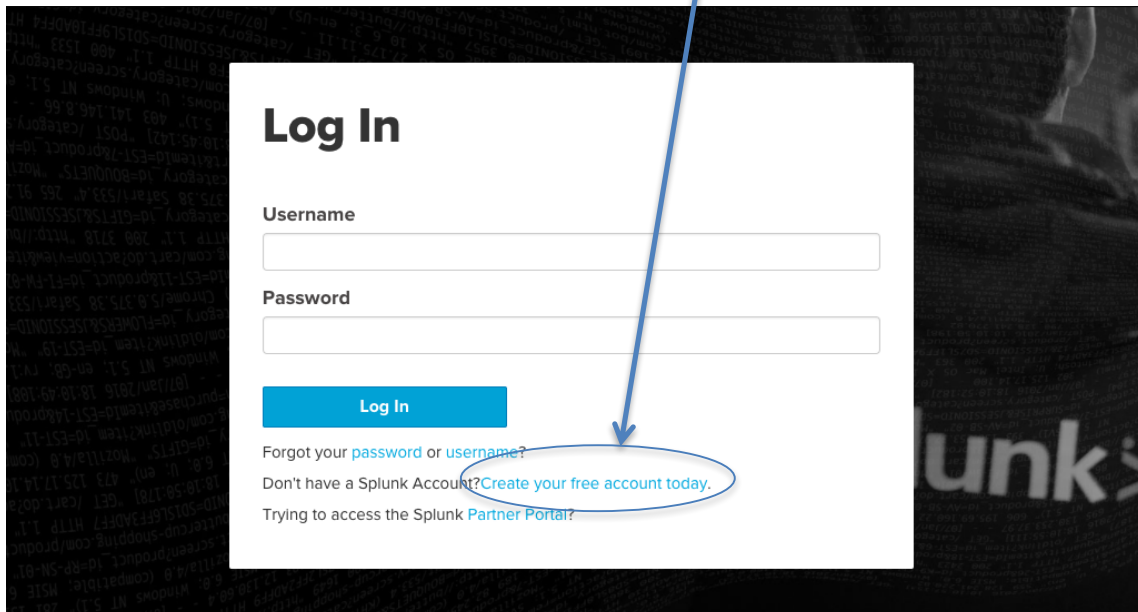

Details and Term

Your subscription starts on **21 April 2017** and will expire on **31st December 2017**. During this time anyone with an email address with the domain given to us by CANARIE will be allowed to sign-up and take the eLearning class with the fee waived. Please note that we can only support a limited number of domains (typically **one**) for each institution. As per our normal terms, the class can only be signed up for once and must be completed within 30 days of registration. We cannot extend the 30 days unless there are extenuating circumstances, and in all instances we will charge an admin fee of \$100 per class. At the end of the subscription period, we will allow anyone who has signed up before the closure date the full 30 days in which to complete the class. We recommend registering for one class at a time. For help with the videos, quizzes or labs, please contact eLearn@splunk.com

How to Sign Up

To launch the eLearning class, you must be logged into our Learning Management System. You can access this system using your Splunk.com credentials.

Go to <https://inter.viewcentral.com/reg/splunk/login> and login to your existing Splunk.com account. Your account must be associated with your business email address. Use the "Create your free account today." link if you do not already have an account

The screenshot shows the Splunk 'Log In' page. It features a white login box on a dark background with a faint 'splunk' logo. The box contains the following elements:

- Log In** (Section Header)
- Username** label above a text input field.
- Password** label above a text input field.
- A blue **Log In** button.
- Links for [Forgot your password or username?](#)
- A link for [Don't have a Splunk Account? Create your free account today.](#) (This link is circled in blue, and a blue arrow points to it from the text above the screenshot).
- A link for [Trying to access the Splunk Partner Portal?](#)

Follow the steps to create your account. Please note that the eLearning subscription is allocated to the domain provided by CANARIE only, and the email address that you register with must match that domain. Failure to do this means you will be charged for the class. Once you have created your Splunk Education account and are able to login, click the "Search" link on the left to go to this page:

The screenshot shows the Splunk Education search interface. At the top, the Splunk logo and a phone number are visible. Below the header, there are navigation links: Re-login, My Profile, Password, Purchase Credits, and Checkout. On the left, a sidebar contains links for Search, Course Catalog, and Calendar. The main content area is titled "Steve Boxley" and "Search for courses". It includes instructions: "For a complete list of courses and to register, click Search. To find a specific course, select from the options below and then click Search." Below this are several dropdown menus: Months, Location, Course Name, and Delivery Method. The "Delivery Method" dropdown is circled in blue, and an arrow points to it from the right. Below the dropdowns is a "Search by Keyword" field with a "Reset" button and a "Search" button. The "Search" button is also circled in blue, with an arrow pointing to it from the right. A large blue arrow originates from the "Search" button and points towards the course listing below.

From the search page, select the delivery method of 'e-Learning' and then click on Search.

This will display all of our eLearning classes. For your subscription, you will see the option to add to cart at \$0.00 USD.

The screenshot shows a course listing for "Creating Splunk Knowledge Objects 6.x (eLearning)". The course description states: "Are you in charge of creating Splunk knowledge objects for your organization? Then you will benefit from this course that walks you through the various knowledge objects and how to create them. The course includes 30-days access to a live Splunk Enterprise lab instance for hands-on practice. The 30-days access begins on your registration date and cannot be extended." Below the description, there are two pricing options. The first option is "30-Day WBT Dash Player and Live Lab Access" with a "Details" link, a "List Price: \$1,000.00 USD", and a "Per Person: \$500.00 USD". The second option is "30-Day WBT Dash Player and Live Lab Access" with a "Details" link, a "List Price: \$1,000.00 USD", and a "CANARIE: \$0.00 USD". The second option is circled in blue, and an arrow points to it from the right. Both options have an "Add to Cart +" button.

Once you have added the class to the cart, click the Checkout link. Follow the check out procedure, which includes the agreements below. If you see a price on the item in your cart, please remove it and return to the search screen. You should only add the \$0.00 option.

Course Questions

*1.

I understand that access to eLearning courses expires 30 days from the date of registration and access cannot be extended or reset. eLearning courses can only be completed once. (Splunk recommends registering for one eLearning class at a time)

I Agree

*2.

Under exceptional circumstances we may allow an extension but in all cases we will charge a non-waivable **\$100** administration fee. Please confirm you understand and agree to this.

I Agree
